I remember the first time I saw a youtuber talk about their eating disorder. I was immediately fascinated. I couldn't believe that someone could be so open and honest about their struggles with food and weight. I watched as they talked about their journey to recovery and how they were able to lose weight like a youtuber. I was inspired by their story and decided that I wanted to try it for myself. I started by cutting out all processed foods and sugars from my diet. I also started working out regularly and tracking my food intake. I was determined to lose weight and become healthy. I continued to follow the healthy lifestyle I had created for myself and eventually reached my goal weight I am now maintaining my weight loss and living a healthy life. I am so grateful to the youtuber who inspired me to change my life.
